base brought exciting possibilities to the mid-century modern home and office. we've created our broadway fiberglass shell armchair with the same qualities interpreting it for today's modern interior spaces.

## **features & benefits**

- expert engineering allows the chair to take the rigors of high traffic residential and commercial spaces and continuous daily use.
- wide selection of fiberglass shell colors to fit your space.
- a design that is both classic and modern allows for melding into many style spaces from minimalist to eclectic.
- can be paired with a metal and wood table or glass top table with metal base.
- designer dowel style base in american walnut offers a striking visual element.

## **masterful tribute**

paying homage to the designers innovational seating, we've used expert craftsmanship and authenticity to produce our broadway fiberglass shell armchair. this expertly-engineered armchair features the same look and design attributes as the original. in addition to using daily, you'll enjoy showing off this striking chair as a conversation piece in your home.

## **deftly-designed dowel base**

the chair's dowel base created in the early 1950s by the designers boasts an american walnut construction with exposed wires giving it a strong structural appearance. this base offers optimal support and sturdiness making it ideal in high traffic commercial and residential areas.

## **creative color options**

of great importance to the designers was inspired use of color. as it applies to their armchair, they took fiberglass, at the time only available colorless, and spent countless hours mixing colors for their chair prototypes. the result was a fiberglass chair shell available in exciting hues to bring a pop of color to interior rooms. in keeping with the designers focus on color, we offer our own broadway fiberglass shell armchair in wonderful hues including vibrant lemon yellow, pink, green, red, spring green and tibet blue.

## **attainable design**

this designer chair allows you to own and enjoy a classic modern icon without foregoing quality. we understand not everyone has ample means by which to attain such a piece. with that in mind, we offer our masterful homage of the fiberglass chair with dowel base made with high quality materials and careful craftsmanship at a modest price point. among other such replicas, the materials and expertise used to create our products are top quality.

## **about the designer**

one of the most well-known husband and wife design teams, created hallmark mid-century modern furniture still popular today. they believed "design should be lived" and set out to interpret that belief through producing simplistic yet high functional furnishings for both and commercial settings. perhaps one of their most lauded designs was their fiberglass shell with interchangeable bases.

## **special care instructions**

to clean the metal and fiberglass elements, avoid use of harsh acidic or abrasive cleaning solutions. use damp soapy sponge or cloth for general clean-up.
