

noguchi cyclone wire base dining table

\$1,108.00

Description

this is our reproduction of the **noguchi cyclone table**, conceived in 1953, and made of metal wire and wood. noguchi's playful object was manufactured the following year in varying sizes, and later evolved into a table that became a companion piece to the freeform wire chair. at the suggestion of noguchi's small table was enlarged to full size in 1957. the sculptural base consists of a column of chrome-plated steel wires set into a black foot.

features at a glance:

- **design year: 1955**
- table top is walnut, black or white laminate with a natural birch edge and 1" thick
- table base is black textured powder-coat
- steel wire column with chrome plated finish
