\$1,978.00

Description

Popular options for the modern home's living and dining rooms, our versatile Sandlake collection includes quality reproductions of the classic mid-century tulip table design. This 78" oval tulip Walnut wood top dining table is true to the original proportions, with a white tapered pedestal cast aluminum base featuring a genuine Walnut wood-veneer top. The beveled edge table top is crafted from durable artificial marble which offers an equally attractive, but lightweight, alternative to natural stone at a more affordable price point. Our replica tulip dining, coffee, side, and bar tables are available in a wide selection of custom sizes, configurations, and materials. Complete the look by adding our Sandpoint tulip chair and armchair collection, as a matching side dining chair. If you have a specific requirement for a project, we're happy to help. Please contact one of our professionals to discuss your requirements.
