

platner dining table large

\$1,758.00

Description

The Warrens collection features quality reproductions of the iconic 1960s wire base furniture designs. True to the original specifications, our large Warrens 54" dining table is crafted from flared stainless steel rods that are welded and smoothed to form the unique circular base shape, and stable foundation. A round, 15mm thick tempered glass surface with beveled edge completes this popular piece which is ideal for every day use in the modern home's dining room or eat-in kitchen. If you have a specific requirement for a project, we're happy to help. Please contact one of our professionals to discuss your requirements.
