eaze shell office armchair

$634.00

Description

njmodern's dewitt collection features quality reproductions of the mid-century classic, shell chair design. available in a wide range of colors, materials, and leg configurations, our dewitt chairs provide practical seating options for both residential and commercial spaces. this dewitt office armchair is true to the original specifications, crafted from a durable white polypropylene plastic shell that offers a more affordable alternative to fiberglass, with slightly more flex. an adjustable height, five-point steel star base with caster feet makes this chair a practical option for the modern home or office workstation. if you have a specific requirement for a project, we're happy to help. please contact one of our professionals to discuss your requirements.
