currant queen platform bed - black walnut

\$1,868.00

Description

The Colden furniture collection from NJMODERN pays homage to Mid-Century modern Danish design, with clean, simple lines. The range is crafted with 100% solid Moso bamboo – a durable, fully sustainable, and environmentally friendly material. The platform bed is constructed with a European slat system, so no box spring is required – 15 easy to use and fully finished, connected, solid bamboo slats lock into place. It also comes in a warm natural finish.
