## shuffleboard - burnt umber

\$12,869.04

### Description

the district eight shuffleboard table adheres to the design philosophy behind the lusine industrial collection, combining classic french factory industrialism with a pared down modernist aesthetic. striking and resilient, the shuffleboard table features a pedestal base rendered from reclaimed cast iron machine parts with a top constructed from reclaimed hardwood, recycled from renovated colonial era bridges, factories and warehouses in vietnam. the game board is laminated with north american oak and has a high durability lacquer finish.
