### Description

This is our replica prouve gueridon dining table. A table with distinctive and convincing structural clarity, Gueridon was designed by Prouve for the University of Paris. Manufactured from individual pieces of solid wood with a veneer finish, it gives the impression of both sturdiness and lightness. This table is well suited for both the domestic setting and for the furnishing of cafes and restaurants. Technical description: Solid wood legs, metal rod connectors, lacquered black. Tabletops in natural wood veneers.
